We offer training courses to improve and increase the digital competences of European teachers, trainers and education staff

**Why do you need our learning mobilities?**

We are immersed in a digital reality that we cannot avoid, this leads us to the need to adapt from all areas, mainly in education. The new generations require new learning methods based on ICT.

*Teachers and trainers need lifelong learning in digital skills!*

**What do we offer?**

Learning Mobilities in El Rompido (**Andalusia, Spain**) to **boost your digital skills**.

We offer training courses, with a duration of **5 or 7 days** each, aimed at **teachers** and **trainers** in schools or adult centres.

With a blended methodology, based on non-formal learning and a learning-by-doing approach; all of our training courses have a section about **E-Learning** to boost your **digital competences**.

**Our Digital School programme**

Training courses are included in the **Erasmus+ Learning Mobilities (KA1)** through our programme Digital School.

**Our Training Courses**

- Collaborative Tools for Teamwork.
- Virtual Campus - the E-Learning System.
- Creation of Educational Video Games.
- Multimedia Publishing in Education.
- Flipped Classroom Methodology.
- European Opportunities for Digital Schools.
- Safety and Security on the Internet for Teachers.
- Strategies for Safe Internet Use in the Classroom.
- Learning and Teaching using Social Media Networks.
- Creating Educational Blogs and Websites with WordPress.

We can design your project proposal for **free and fund your training!** Complete this form: [KA1 2019](#)

**El Rompido, Andalusia, Spain**

Come and get acquainted with one of the most beautiful places in **Costa de la Luz!** Soak up its culture, its relaxed vibe and its sunny weather. After a hard day of work, you can walk along its **sandy beaches**, explore its **Natural Park**, and take in the most glorious **sunsets!**

**Training Results**

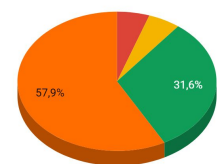

**90%** of participants are quite satisfied or very satisfied with our training.

**70%** of participants say they have fulfilled their learning needs.

**80%** of participants find these courses very useful.

*Results based on the evaluation survey following the ISO 29990 standard.*

**SATISFACTION**

● Little satisfied ● Satisfied ● Quite satisfied ● Very satisfied
